

**DIGITAL
TECHNOLOGIES
HUB**

DIGITAL TECHNOLOGIES – Got something to share?

What has helped you to get started with Digital Technologies in your school? Can you help others with practical ideas or tips?

We would love to hear from you.

Digital Technologies Hub would publish your story on the website, under the heading “Something that has made a difference”.

We can pay for your time (if you have an ABN) or provide a teacher relief payment to your school.

If you are interested, please email jill.wilson@esa.edu.au or call **03 96579773** with a brief outline of what you might share.

A template and letter of agreement will be provided once your participation has been confirmed.
