

# Challenge 4: Alphabet fun

**Step 1:** The Bluebot can turn left and right using the  and  buttons.

Can you use these buttons to make the Bluebot do a U-turn?

Can you make the Blue-bot spin around in a circle?

**Step 2:** Use the Bluebot with the alphabet mat to spell the word for your favourite type of pet. Make the Bluebot find each letter of the word on the alphabet mat. Spin around or pause on each letter.

### *Other ideas for the classroom*

- Find the fastest path through all the vowel sounds on the mat.
- Play "I spy" with the Bluebot. When the Bluebot stops find something in the classroom that starts with that letter or matches the colour.

### How to play Basic Controls
